

# mobile healthcare association

Illinois Regional  
Mobile Healthcare  
Association

## MISSION

As a leader in mobile health, our mission is to provide a platform for collaboration, advocacy, support, and resources to advance the work of mobile health services in Illinois.

## VISION

Our vision is to promote health and wellness by improving access to care and supporting people in communities of opportunity.

## HISTORY

The Mobile Health Providers Coalition of Illinois was founded in 1999 by five mobile health programs with a mission of sharing best practices, forming affiliations and coordinating available resources. In 2013, this group became the Illinois Regional Coalition of the Mobile Healthcare Association. This partnership, and resources provided by the Association, have allowed for greater access to programs throughout the state.

*Thank you to Melissa at  
Thum Insurance Agency for the  
printing of the brochure.*

Call Melissa for all your insurance  
needs! [melissa@thuminsurance.com](mailto:melissa@thuminsurance.com)
