Professional Profile

Mary Ellen Beliveau, M.Ed., is a mission-driven healthcare executive, association leader, founder, and strategist who has spent her career at the intersection of healthcare, education, professional development, and community impact.

She brings deep experience building member-centered organizations, strengthening governance and partnerships, growing sustainable programs, and supporting convenings and communities of practice that help healthcare professionals and organizations improve care.

Her leadership is grounded in transparency, collaboration, disciplined execution, and deep respect for members, staff, volunteer leaders, and the communities they serve.
